Detailed Action

The following is responsive to Applicant's election received Aug. 22, 2003 and amendment received March 6, 2003.

Claim 13 is cancelled. Claim 18 is withdrawn from consideration. New claims 19-21 are added. Claims 1-12 and 14-17, 19-21 are currently pending.

Applicant's election of species represented by SEQ ID NO: 3 is acknowledged. Since Applicant has not traversed the election requirement, it is being maintained for reasons already presented in the office action mailed July 30, 2003.

All previous claim rejections and objection, set forth in paragraphs 3-8 of the office action mailed Dec. 6, 2002 **are withdrawn** in view of Applicant's amendment.

However, Applicant's amendment necessitates the following new ground of rejection.

New Ground of Rejection

Claim Rejections—35 USC 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

1. Claims 2-6, 8-9, 19 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 2-6, 8-9, 19 recite the limitation "the activating ligand" in line 1. There is insufficient antecedent basis for this limitation in the claim.

Art Unit: 1614

2. Claims 6 and 11 are objected to under 37 CFR 1.75(c), as being of improper dependent form for failing to further limit the subject matter of a previous claim.

Applicant is required to cancel the claim(s), or amend the claim(s) to place the claim(s) in proper dependent form, or rewrite the claim(s) in independent form. Claims 6 and 11 recite limitations, which render these claims broader than the independent claims from which they depend. Therefore, claims 6 and 11 fail to further limit the method of claim 1, which recites specific isolated ligands of heregulin polypeptides.

Conclusion

Claims 2-6, 8-9, 19 are rejected.

Claim 11 is objected to.

Claims 1, 7, 10-12, 14-18, 20-21 are free from the prior art.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

Art Unit: 1614

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
